

Jazz4Justice is now seeking a lead sponsor to help defray the cost of programming across multiple locations.

Each event presented by Jazz4Justice brings out hundreds of local residents to enjoy live music, reception, a jam session, and more, all the while trumpeting the need to close the Justice Gap, spread access to justice, and advocate for music education.

Jazz4Justice programming is unique in that artists are encouraged to express social justice themes through their music, driving home the cause and mission. Judges, attorneys, and community members attend Jazz4Justice concerts to enjoy the music and help spread the mission. For every dollar donated to Jazz4Justice, we routinely see four dollars going directly back to *pro bono* Legal Services and music scholarships in the communities we serve.

*About Jazz4Justice and the Justice Gap:*

Low-income Americans did not receive any or enough legal help for 92% of their civil legal problems. (Source: 2022 Justice Gap Report, Legal Services Corporation). This discrepancy between legal representation for civil cases and the need for legal services for low-income individuals is known as the "Justice Gap." Jazz4Justice helps close the Justice Gap by creating partnerships for concerts and festivals in order to raise funds to support Legal Services and Jazz Scholarships.

*Partnering Sponsor Benefits:*

Partnering sponsor benefits include signage on the day of the event, logo placement online, mention from the stage, logo on the poster for our festivals and/or December concert, marketing collaboration, sponsorship of the jam session, logo/mention in the press release, complimentary Jazz4Justice merchandise, social media shout out, tickets to Jazz4Justice events (when applicable), and the opportunity to display/distribute promotional materials at the event, depending on the level of support. Jazz4Justice events take place year round across multiple cities in Virginia and DC.

Jazz4Justice raises public awareness and funds for Legal Aid and music scholarships. We do this by forming collaborative partnerships with the legal community, the business community, the music community, and Universities.
